**Calstone Search is a recruitment firm catering to: mining, mineral processing, exploration, forestry, construction, manufacturing, finance, real estate and not-for-profit industries.**

We understand the difficulties your business may encounter with recruiting, hiring and retaining top talent. Our personalized approach to recruitment means we invest the time to understand your needs, asking the questions which allow us to become an extension of your hiring committee, saving you the time investment required to find the ideal candidate.

Our recruitment consultants continuously and successfully network to source the following qualified candidates:

- Skilled Trades
- Engineering
- Geology
- Administration and Finance
- Human Resources
- Health and Safety
- Sales and Business Development
- Project Management
- Supervision and Management

We look forward to recruiting your next hire and playing an integral part in your business' continued success.
